Timber Lane Utility District

Notice of Public Hearing on Tax Rate

The **Timber Lane Utility District** will hold a public hearing on a proposed tax rate for the tax year 2022 on **October 13, 2022 at 6:00 p.m.** at 1904 NapleCHASE Crest Dr, Spring, Texas 77373. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the tax rate that is adopted and on the change in the taxable value of your property in relation to the change in taxable value of all other property. The change in the taxable value of your property in relation to the change in the taxable value of all other property determines the distribution of the tax burden among all property owners.

FOR the proposal: Daniel M. Meacham, Robert B. Schenck, James F. Messer,
A.F. "Bud" Gessel & Eric Langstaff

AGAINST the proposal: None

PRESENT and not voting: None

ABSENT: None

The following table compares taxes on an average residence homestead in this taxing unit last year to taxes proposed on the average residence homestead this year.

	2021 Last Year		2022 This Year
Total tax rate (per \$100 of value)	\$0.89/\$100		\$0.84/\$100
	Adopted		Proposed
Difference in rates per \$100 of value		\$-0.05/\$100	
Percentage increase/decrease in rates (+/-)		-5.61%	
Average appraised residence homestead value	\$ 155,031		\$ 176,295
General homestead exemptions available (excluding 65 years of age or older or disabled person's exemptions)	\$ -		\$ -
Average residence homestead taxable value	\$ 155,031		\$ 176,295
Tax on average residence homestead	\$ 1,379.77		\$ 1,480.87
Annual increase/decrease in taxes if proposed tax rate is adopted (+/-)		\$101.10	
and percentage of increase (+/-)		7.32%	

NOTICE OF TAXPAYERS' RIGHT TO ELECTION TO REDUCE TAX RATE

If the district adopts a combined debt service, operation and maintenance, and contract tax rate that would result in the taxes on the average residence homestead increasing by more than eight percent, the qualified voters of the district by petition may require that an election be held to determine whether to reduce the operation and maintenance tax rate to the voter-approval tax rate under Section 49.23603, Water Code.

Visit [Texas.gov/PropertyTaxes](https://www.texas.gov/PropertyTaxes) to find a link to your local property tax database on which you can easily access information regarding your property taxes, including information about proposed tax rates and scheduled public hearings of each entity that taxes your property.

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Timber Lane Utility District
Harris County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Timber Lane Utility District (the "District"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**TIMBER LANE UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2021**

Management's discussion and analysis of Timber Lane Utility District's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes the District's assets, liabilities, and, if applicable, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

**TIMBER LANE UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2021**

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explains the differences between the two presentations and assists in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). The budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities by \$25,536,417 as of June 30, 2021.

A portion of the District's net position reflects its net investment in capital assets (water and wastewater facilities, less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide water and wastewater services.

The following is a comparative analysis of government-wide changes in net position:

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2021**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of June 30, 2021, were \$23,854,622, a increase of \$1,858,705 from the prior year.

The General Fund fund balance increased by \$1,216,441, primarily due to tax and service revenues exceeding operating expenditures and capital costs.

The Debt Service Fund fund balance decreased by \$76,291, primarily due to the structure of the District's outstanding debt requirements.

The Capital Projects Fund fund balance increased by \$718,555, primarily due to unspent proceeds from the Series 2021 bonds.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors did not amend the budget during the current fiscal year. Actual revenues were \$1,651,241 higher than budgeted, primarily due to higher than expected revenues across most categories. Actual expenditures were \$923,550 more than budgeted, primarily due to higher than expected costs across most categories with the exception of professional fees and capital outlay.

CAPITAL ASSETS

Capital assets as of June 30, 2021, total \$73,115,394 (net of accumulated depreciation) and include land, as well as the water, wastewater, drainage and recreational facilities. Significant capital asset activity completed during the current fiscal year included water, wastewater and drainage facilities to serve Breckenridge West, Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, and 10 and Highland Glen, Section 5; Breckenridge West Detention, Phases 1 and 2; Breckenridge West Lift Station; Breckenridge West Force Main; Phase 1 Hike and Bike Trail in Cypress Creek Park; Timber Lane Community Center; and Generator additions for various locations.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2021

Total Fund Balances - Governmental Funds \$ 23,854,622

Amounts reported for governmental activities in the Statement of Net Position are different because:

Prepaid bond insurance in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds. 23,997

Interest paid in advance as part of a refunding bond sale is recorded as a deferred outflow in the governmental activities and systematically charged to interest expense over the remaining life of the old debt or the life of the new debt, whichever is shorter. 477,067

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds. 73,115,394

Deferred inflows of resources related to property tax revenues and penalty and interest receivable on delinquent taxes for the 2020 and prior tax levies became part of recognized revenue in the governmental activities of the District. 528,008

Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year end consist of:

Due to Developer	\$ (7,816,035)	
Accrued Interest Payable	(695,337)	
Bonds Payable	<u>(63,951,299)</u>	<u>(72,462,671)</u>

Net Change in Fund Balances - Governmental Funds	\$ 1,858,705
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	124,898
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.	24,536
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(2,173,582)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	11,706,367
Governmental funds report bond premiums as an other financing sources in the year received. However, in the Statement of Net Position, bond premiums are amortized over the life of the bonds and the current year amortized portion is recorded in the Statement of Activities.	(155,013)
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.	2,855,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	(23,289)
Governmental funds report bond proceeds as other financing sources. Issued bonds increase long-term liabilities in the Statement of Net Position.	(16,060,000)
Governmental funds report the payment to the refunded bond escrow agent as an other financing use and an expense. However, the refunding of outstanding bonds decreases long-term liabilities in the Statement of Net Position.	<u>3,507,592</u>
Change in Net Position - Governmental Activities	<u><u>\$ 1,665,214</u></u>

TIMBER LANE UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1. CREATION OF DISTRICT

Timber Lane Utility District, of Harris County, Texas (the “District”) was created in 1969 by an Order of the Texas Water Commission, presently known as the Texas Commission on Environmental Quality (the “Commission”). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, and to construct parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on October 8, 1969 and sold its first series of bonds on August 9, 1971.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

TIMBER LANE UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

TIMBER LANE UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental Funds - The District has three governmental funds and considers each to be a major fund.

General Fund - To account for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures.

Debt Service Fund - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both “measurable and available.” Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if it is collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset.

TIMBER LANE UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets (Continued)

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$25,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
All Other Equipment	3-20

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District’s Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and – Actual General Fund presents the original budget amounts compared to the actual amounts of revenues and expenditures for the current year.

Pensions

The District has one full time employee. Payments are made into the social security system for the employee. The Internal Revenue Service has determined that fees of office received by Directors are considered wages subject to federal income tax withholding for payroll tax purposes only. A separate pension plan has not been established for the directors or employee.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

TIMBER LANE UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances. The District does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT (Continued)

As of June 30, 2021, the District had authorized but unissued bonds in the amount of \$63,500,000 for water, sanitary sewer and drainage bonds, \$5,000,000 for recreational facilities bonds and \$20,410,390 for refunding bonds.

As of June 30, 2021, the debt service requirements on the outstanding bonds were as follows:

Fiscal Year	Principal	Interest	Total
2022	\$ 3,195,000	\$ 1,707,358	\$ 4,902,358
2023	3,045,000	1,641,669	4,686,669

	<u>\$ 63,465,000</u>	<u>\$ 16,220,783</u>	<u>\$ 79,685,783</u>

The bonds of the District are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

During the year ended June 30, 2021, the District levied an ad valorem debt service tax rate of \$0.51 per \$100 of assessed valuation, which resulted in a tax levy of \$4,654,068 on the adjusted taxable valuation of \$912,562,387 for the 2020 tax year. The bond resolutions require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND RESOLUTION AND LEGAL REQUIREMENTS

The bond orders state that any profits received from the investment of any money in any fund or account created by the resolution shall be placed into such fund or account of the District.

The bond orders state that the District is required to provide continuing disclosure of annual financial information and operating data with respect to the District to the Municipal Securities Rulemaking Board. The information, along with the audited annual financial statements, is of the general type included in the annual audit report, and must be filed within six months after the end of each fiscal year of the District.

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of each use.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes. Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged.

At fiscal year-end, the carrying amount of the District's deposits was \$23,621,737 and the bank balance was \$23,629,808. The District was not exposed to custodial credit risk at year-end. The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at June 30, 2021, as listed below:

	Cash	Certificates of Deposit	Total
	<u> </u>	<u> </u>	<u> </u>

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District’s financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District’s investments must be made “with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person’s own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived.” No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District’s investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool and TexSTAR, external investment pools that are not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of Texpool. Federated Investors, Inc. manages the daily operations of Texpool under a contract with the Comptroller. J.P. Morgan Investment Management Inc. provides investment management and FirstSouthwest, a division of Hilltop Securities Inc., provides participant services and marketing under an agreement with the TexSTAR Board of Directors. Custodial, fund accounting and depository services are provided by JPMorgan Chase Bank, N.A. and/or its subsidiary J.P. Morgan Investors Services Co. TexPool and TexSTAR measure their portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool and TexSTAR at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool or TexSTAR. Certificates of deposit are valued at acquisition cost at the date of purchase.

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At June 30, 2021, the District's investment in TexPool and TexSTAR were rated AAAM by Standard and Poor's. The District also manages credit risk by investing in certificates of deposit with balances below FDIC coverage. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investment in TexPool and TexSTAR to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value. The District also manages interest rate risk by investing in certificates of deposit with maturities of less than one year.

Restrictions

All cash and investments of the Debt Service Fund are restricted for payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTE 6. CAPITAL ASSETS

NOTE 7. MAINTENANCE TAX

On August 12, 2000, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.50 per \$100 of assessed valuation of taxable property within the District. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and wastewater system. During the fiscal year ended June 30, 2021, the District levied an ad valorem maintenance tax rate of \$0.38 per \$100 of assessed valuation, which resulted in a tax levy of \$3,467,737 on the adjusted taxable valuation of \$912,562,387 for the 2020 tax year.

NOTE 8. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 9. REGIONAL WATER AUTHORITY FEES

The North Harris County Regional Water Authority was created by House Bill 2965, Acts of the 76th Legislature, Regular Session 1999, and was confirmed by an election held on January 15, 2000. The Authority is a political subdivision of the State of Texas, governed by an elected five-member Board of Directors. The Authority is empowered to, among others powers, "acquire or develop surface water and groundwater supplies from sources inside of or outside of the boundaries of the authority and may conserve, store, transport, treat, purify, distribute, sell and deliver water to persons, corporations, municipal corporation, political subdivisions of the state, and others, inside of and outside of the boundaries of the authority." The Authority is also empowered to "establish fees and charges as necessary to enable the authority to fulfill the authority's regulatory obligations." The current fee is \$4.60 per 1,000 gallons. The District's well pumpage fees payable to the Authority for the year ended June 30, 2021 were \$2,608,594.

NOTE 10. STRATEGIC PARTNERSHIP AGREEMENT

Effective March 8, 2007, the District entered into a Strategic Partnership Agreement with the City of Houston, Texas. The agreement provides that in accordance with Subchapter F of Chapter 43 of the Local Government Code and Act, the City shall annex a tract of land defined as the "Subject Tract" for the limited purposes of applying the City's Planning, Zoning, Health and Safety Ordinances within the tract within the boundaries of the District. The District will continue to develop, to own, and to operate and maintain a water and wastewater system in the District. During the current fiscal year, the District recorded \$157,803 of sales tax revenue from the City of Houston, of which \$41,190 was recorded as a receivable at year end.

TIMBER LANE UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 11. INTERFUND PAYABLES AND RECEIVABLES

As of June 30, 2021, the District recorded interfund payables of \$403,633 in the Debt Service Fund for maintenance tax collections due to the General Fund and \$31,412 for issuance costs paid by the General Fund and \$462,661 in the Capital Projects Fund to reimburse the General Fund for bond issuance costs and various costs related to construction of assets.

NOTE 12. DISTRICT PARKS AND RECREATIONAL FACILITIES

The District contracted with the Texas A&M University College of Architecture, Department of Landscape Architecture and Urban Planning, for preparation of master plans in 2005-2007, 2014, 2015 and 2018 for a series of parks and trails that will connect recreational facilities within the District and will become a part of a Master Greenway Project (Cypress Creek Greenway) along Cypress Creek in north Harris County. The District is financing the parks and trails with proceeds from recreational facilities bonds, surplus operating revenues, and with grants from the Texas Parks & Wildlife Department (“TPWD”) and other state and local agencies. During the current year, the District received an Indoor Recreation Grant from the TPWD in the amount of \$203,217 from the TPWD for construction of the Timber Lane UD Community Center.

NOTE 13. UNREIMBURSED COSTS

The District has entered into development financing agreements with Developers within the District. These Developers have made expenditures on behalf of the District for various projects for which the District has not sold bonds. As of the balance sheet date, the District has recorded \$7,816,035 for completed projects paid for by Developers related to construction and engineering of utilities within the District.

Due to Developers, beginning of year	\$ 7,456,851
Additions	5,914,139
Reimbursements	<u>(5,554,955)</u>
Due to Developers, end of year	<u>\$ 7,816,035</u>

NOTE 14. BOND SALES

On November 24, 2020, the District issued \$3,560,000 of Unlimited Tax Refunding Bonds, Series 2020A. The net proceeds of \$3,477,592 plus \$30,000 of available Debt Service Fund monies were used to call and refund \$3,470,000 of Series 2013 Refunding Bonds. The effect of the refunding obtains gross debt service savings of \$299,279 and net present value savings of \$233,790.

NOTE 14. BOND SALES (Continued)

On March 16, 2021, the District issued \$12,500,000 of Unlimited Tax Bonds, Series 2021. Proceeds from the bonds were used to reimburse Developers for construction and engineering costs for water, wastewater and drainage facilities to serve Breckenridge West, Sections 1, 2, and 4 and Highland Glen, Section 5; Detention Phase I and HCFCU Unit and Detention Phase II to serve Breckenridge West; Sewage Lift Station and Force Main to serve Breckenridge West; and to pay for the District's Water Plant No. 3 Rehabilitation. Additional proceeds were used to pay issuance costs of the bonds.

NOTE 15. ECONOMIC UNCERTAINTIES

On March 11, 2020, the World Health Organization declared the COVID-19 virus a global pandemic. Since that time, the District has not experienced any decrease in property values, unusual tax delinquencies, or interruptions to service as a result of COVID-19. The District will continue to carefully monitor the situation and evaluate the financial statement impact, if any, that results from the pandemic.

NOTE 16. PENDING BOND SALE

Subsequent to the report date, the District anticipates closing on the sale of \$14,100,000 of Unlimited Tax Bonds, Series 2021A. Proceeds from the bonds will be used for construction and engineering costs for Water Plant no. 5 and the Wastewater Treatment Plant expansion to 2.62 mgd. Additional proceeds will be used to pay issuance costs of the bonds. Delivery of the bonds is expected on or about December 16, 2021.
